Day trips

Beside being the Alpine capital of off-piste skiing, Verbier is also a major heliskiing destination in the Alps.

Petit Combin, Rosablanche, Trient glacier or Pigne d'Arolla are some of the heliskiing landing zones around Verbier which allow long unforgettable runs in an authentic mountain scenery, far away from the crowds.

For athletic and motivated people, we advise to combine heliskiing with skitouring in order to get more turns. Do not hesitate to ask your guide about it !
