

Ski Holidays - Ski Trip

Summary

- [Norway](#)
- [Iceland](#)
- [Volcanoes of Chili](#)

Norway

A boat for Base camp and movement around the Fjords, to discover the mountains of Lyngen. Ski between 1500m and 0m of altitude! A very original adventure!

Dates: from March till May

Iceland

5-6 days of easy ski touring in Iceland. A jeep will drive us between volcano's, gysers and thermal pools.

Dates: April till May

Volcanoe's in Chili

If you really love to ski and you are impatient enough, that the idea of starting the season before picking the grapes, tickles you! Than, there is no doubt that the southern hemisphere is waiting for you! A splendid voyage with no less than 5 volcanoes on the program, including one that is active, all on the boarder between Chile and Argentina. How could you resist the temptation of skiing huge slopes in the face of the Pacific ocean?

Dates: From the mid August to end September
